TABLE OF CONTENTS

2012-2013 Accessories Catalog

WARNING: The information in this manual has been carefully compiled through actual vehicle testing and manufacturers service manual research and to the best of our ability is accurate. However, we do not warrant the accuracy of this information against changes in vehicle design, the use or misuse of this information or typographical errors. It is the responsibility of the installer to verify the signal and color on the wire attachments prior to and after the installation of the accessory to assure proper operation of the accessory and the vehicle through a road test. We do not accept any responsibility for damage to the vehicle or injury to its occupants caused by the use of this information. Connection of incorrect wires could cause accessory or vehicle malfunctions and component damage. These conditions can cause a major risk while driving for you, your passengers and other motorists, exposing all of you to the risk of accident and injury.

+WARNING: Any installation of a cruise control on a vehicle that does not have clearance at the throttle for lost motion or may have interference by other parts must have the cruise control cable attached to the accelerator pedal for obvious safety reasons.

***CAUTION:** Any installation of a cruise control on a vehicle with an accelerator pedal activated switch for emissions or transmission shifting must have the cruise control cable attached to the accelerator pedal for proper vehicle operation.

Driving Innovations

Today's drivers are more safety conscious than ever. With the popularity of SUVs, trucks and larger vehicles, blind areas behind and beside the vehicle are an increasing problem.

Nearly every kind of vehicle can benefit from a RearSight Camera System and with the many systems and options Rostra offers, RearSight is sure to be one of the most desirable safety products in the aftermarket.

Sophisticated video technology now makes it affordable for drivers to have an added dimension of safety. A RearSight® makes backing up easier and less prone to accidents.

CCD Camera/ LCD Monitor Kits

Rostra's BlindZoneMirror

View Vehicles Approaching from Side Lanes

Kit Part #250-1854 (sold in sets)

2007-2011 Toyota Camry (features heat)

Features:

- Integrated Blind Spot Detection
- Replaces Vehicle's Side View Mirrors
- OEM Approved
- Vehicle Specific Designed Mirrors
- Unique Prism Design Allows for Quick Installation
- Economical Way to Assist Drivers with Lane Changes
- Helps Avoid Costly Driver Errors Resulting in Injuries or Vehicle Damage
- Mirrors heat up to quickly melt ice & frost

Kit Part #250-1853 (sold in sets)

2009-2012 Toyota Venza (features heat)

Allow Yourself a Little Luxury!

At the touch of a button, you can slip into something more comfortable! Shape your seat for optimum comfort with a stimulating massage, therapeutic heat or provide extra support to relieve lower back pain. You control your comfort level!

Comfort Seat™ Pneumatic Lumbar Support System

PRODUCT FEATURES:

- Adjustable Pneumatic Lumbar Support Bladder
- Driver Controlled Inflation Levels
- Helps Prevent Driver Fatigue and Static Loading of the Passive Lumbar Spine Structure
- Can be Used on Leather, Cloth and Ventilated Seats
- Adjustable Rocker Style Switch
- Sound Dampening Motor Pouch Minimizes Operation Noise Level
- Superior to Mechanical Lumbar Supports
- Universal Applications
- Installs in Less Than an Hour in Most Vehicle Seats

Kit Part Number:
250-1453 Rear Mount

Recommended for use in conjunction with seat heaters & seat massagers

Kit Part Number:
250-1454 Front Mount

Recommended for mounting between the foam and the upholstery

Kit Part Number:
250-1752 Small Seat Mount

Recommended for limited space applications

Comfort Seat™ Therapeutic Seat Massage System

PRODUCT FEATURES:

- System Consists of Four Inflatable Bladders with Pulsating Action
- Delivers a Stimulating Massage to the Driver's Back
- Helps Prevent Driver Fatigue and Static Loading of the Passive Lumbar Spine Structure
- Can be Used on Leather, Cloth and Ventilated Seats in Conjunction With Seat Heaters
- Will Not Affect the Seat Mounted Air Bags
- Universal and Custom Style Knock Out Switches are Available for Several Vehicle Makes
- Universal and Custom Applications
- Installs in Less Than an Hour in Most Vehicle Seats (Front or Back)

In a recent survey, 80% of 834 respondents report a driver's seat that helps minimize back pain would influence their car buying decision.

Kit Part Number:
250-7608 (Universal)
Includes switch

Ultrasonic Parking Aids

Product Features:

- ♦ Assists drivers in making safer parking decisions
- ♦ Helps prevent costly vehicle body repairs
- ♦ Alerts drivers to objects as far away as 5' behind the vehicle
- ♦ Ultrasonic sensing technology with Triangulation Detection software offers consistency on targets of all densities with fewer false alarms
- ♦ Universal design fits virtually all car/SUV applications including steel and angled bumpers (Truck Fit Kit sold separately)
- ♦ Automatic bypass of the trailer tow hitch or rear mounted spare tire
- ♦ Sensitivity adjustment features with diagnostic function
- ♦ Visual LED display features distance indicator in inches
- ♦ Four black sensors are included and can be painted
- ♦ Waterproof sensor connectors feature quick disconnect for ease of installation
- ♦ Angled bezels for adjustable sensitivity (6 Degree & 12 Degree)
- ♦ Drill tools for both plastic and metal bumpers
- ♦ Four rubber sleeves included for metal bumper applications
- ♦ 3 Year/36,000 Mile warranty

LED visual distance display with audible alert
Includes 19' harness and can be mounted to the dash or sun visor

Set of four black sensors can be painted to match bumper color

Part Number: 250-1903-BZP

Truck Fit Kit

Part Number: 250-1919

- ♦ 18' Replacement Harness
- ♦ U Brackets

Our new Park-Pro HD commercial grade ultrasonic park assist offers a longer harness for vehicles up to 25 Feet in length, under the bumper brackets and a digital ECU for heavy duty applications

Product Features:

- ♦ Assists drivers in making safer parking decisions
- ♦ Helps prevent costly vehicle body repairs
- ♦ Alerts drivers to objects as far away as 6' behind the vehicle (three main warning zones)
- ♦ Ultrasonic sensing technology with Triangulation Detection software offers consistency on targets of all densities with fewer false alarms
- ♦ Universal design fits virtually all Truck applications including steel and angled bumpers
- ♦ Automatic bypass of the trailer tow hitch or rear mounted spare tire
- ♦ Audible Alarm with Hi/Lo function
- ♦ Mutable by pressing vehicle hazard button
- ♦ Harness with waterproof connections
- ♦ Waterproof sensor connectors feature quick disconnect for ease of installation
- ♦ Under bumper mounting brackets
- ♦ Four paintable black sensors are included
- ♦ Hybrid digital ECU for heavy duty applications
- ♦ Sensors feature built-in diagnostics in the event of damage or malfunction
- ♦ Angled bezels for adjustable sensitivity (6 Degree & 12 Degree)
- ♦ Drill tools for both plastic and metal bumpers
- ♦ Four rubber sleeves included for metal bumper applications
- ♦ 3 Year/36,000 Mile warranty

- Kit Part # 250-5110** Includes 25' Harness
- Kit Part # 250-5109** Includes 10.3' Harness
- Kit Part # 250-5108** Includes 19' Harness

Global Cruise® Cruise Control System

All the Features of Original Equipment . . . and More

Switch Kit # 250-3742 (sold separately)

Cruise Control Kit Part # 250-1223
(Switch sold separately)

Improved Operation

- Set Speed
- Coast/Reduce Speed
- Resume/Accel
- Tap-Up, 1 MPH per tap
- Tap-Down, 1 MPH per tap
- Controlled Resume Rate
- Closer, More Accurate Control of Set Speed

Enhanced Adaptability

- Works with 3, 4, 5, 6 or 8 Cylinders
- Select ECM, AC Generator, Magnets, or Pulse Sender as Speed Signal Source
- Select Square or Sine Wave Speed Signal Source
- Quiet Operation allows more mounting locations

- Select Acceleration Rate
- Select Gain Control
- Select Manual or Automatic Transmission
- Select Open Circuit or Closed Circuit Engagement Switches

Enhanced Features

- Modular Design
- Removable Wiring Harness with Locking Device
- Redesigned Water Sealing
- Neutral Safety Switch (NSS) Compatible
- Cruise Engaged Output (Ground Signal) when engaged
- Self Diagnostic

Easier Installation

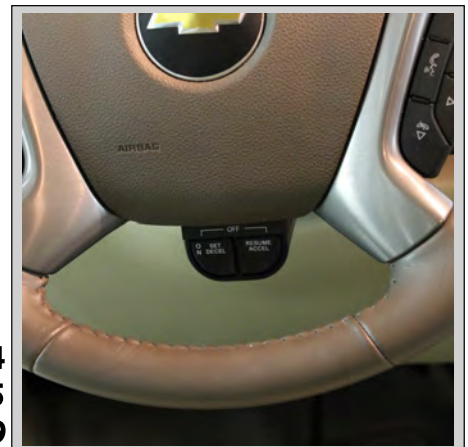

- No Vacuum required
- Lost Motion built into the cable
- Smaller Module
- Single Unit Mounting
- New Connectors with positive contact and lock
- No Clutch Switch needed (except diesel)
- In-Line Fuses are closer to module
- VSS (Vehicle Speed Sensor) wire already in harness
- Additional throttle hardware included in kit
- Compatible with neutral safety
- Compatible with distributorless ignition systems
- Compatible with direct fire ignition systems

Custom Drive by Wire RF (Radio Frequency) Switch Cruise Control Kits

- ♦ Drive by wire control switch
- ♦ Wireless switch (rf) radio frequency
- ♦ Set speed, tap up/tap down, resume
- ♦ Programmed receiver
- ♦ Complete system requires only 3 connections
- ♦ Custom developed harness for connection with original wiring
- ♦ Custom developed circuitry for specific vehicle applications
- ♦ Fully illustrated installation manual
- ♦ 1 Year/12,000 Mile warranty
