

Comfort Heat

Comfort Heat Heated Seats Model #250-1550

Universal Mounting Kit Includes

- Mounting hardware
- Wiring harness
- Control switch
- 3 Year or 36,000 mile warranty
- 3-position switch High/Low, Off/On
- Perfect addition to a leather seat upgrade
- Rapid heat-up time; feel comfort in less than 1 minute
- Separate temperature sensors for cushion and back elements for even heating and continual temperature monitoring
- Combine with a Lumbar Support for optimum seating comfort
- Switch extension harness now available for user preference of switch location

This kit is designed to be universal, however, prior to installing the unit, please inspect the seat construction. This unit cannot be installed on vehicles if the fabric is bonded to the seat foam or if the fabric is held in place in the middle of the cushion with metal rings or metal rods. If these objects contact the heating element, the application is not recommended.

NEW! illuminated universal switch

Comfort Heat

Comfort Seat Lumbar Support Model #250-1454 Front mount

These kits are designed to be universal, however, prior to installing the unit, please inspect the seat construction to determine if you will need a front or rear mount lumbar prior to installing the unit. Front mount is installed between the foam and upholstery. Rear mount is used when the upholstery has been glued (bonded) to the foam and requires the bladder to mount behind the foam.
