Technical Bulletin

Date: August 31, 2012

Product Category: Con-Verse *Bluetooth*® by Rostra

Part Numbers: 250-7500-HN1, 250-7500-HN2, 250-7500-HN3, 250-7500-HN4

Rostra Precision Control, Inc. is pleased to announce that we are now shipping all custom Honda Con-Verse Hands-free *Bluetooth*® systems with both our classic chrome-trimmed universal control switch (250-7526) and a factory-style dashboard knockout control switch (250-7505).

Vehicles equipped with spare dashboard knockouts benefit by retaining their original look while those without the knockout option can still be equipped with an aftermarket *Bluetooth*® system from Rostra by using the lustrous drill-in chrome control switch.

Because of this change, part numbers 250-7500-HN3 and 250-7500-HN4 are being made obsolete as parts 250-7500-HN1 and 250-7500-HN2 will be able to fulfill the same applications.

For customer support or technical service enquiries, please call us directly at 1-800-782-3379, Monday-Friday 8:00 AM - 5:00 PM.

250-7526 - Chrome, Universal, Drill-In

250-7505 - Honda-style Knockout Switch
