Driving Innovations

Today's drivers are more safety conscious than ever. With the popularity of SUVs, trucks and larger vehicles, blind areas behind and beside the vehicle are an increasing problem. Sophisticated technology now makes it affordable for drivers to have an added dimension of safety. A RearSight® Camera System makes backing up easier and less prone to accidents. Nearly every kind of vehicle can benefit from a RearSight Camera System. And with the many systems and options Rostra offers, RearSight is sure to be one of the most desirable safety products in the aftermarket.

**All Rostra RearSight® Cameras and Monitors are
Backed by a 3 Year/36,000 Mile Warranty**

**Sophisticated video technology
now makes it affordable for
drivers to have an added
dimension of safety.
A RearSight® makes backing
up easier and less prone to
accidents.**
